
Note.

The east part of North Street from Johnson Street at its angle runs perpendicular to said Street, the small figures near the lines tell the length & width of lots in links of gunters chain the larger figures near the middle of each lot tells the number of the same. Streets are not included nor alley in the admeasurement.

I.E.Freeman Lorain Co. Suvy.

Plat of a survey & plan of a town by the name of LaPorte Block No. 1 from Section No. 6 in the Connecticut Western Reserve Range 17th now in the township of Carlisle in the County of Lorain & State of Ohio the lands on which the same is located and laid out is the property of Phinehas Johnson Esqr. at whose request I have surveyed the same by his Agent Isaac Johnson.

I hereby certify that I have laid a town site of ninety lots from the section No. 6 in Range 17th in the Connecticut Western Reserve by name LaPorte (now) in the township of Carlisle Lorain County & State of Ohio by causing a stone to be permanently fixed in the southeasterly corner of the public green on the westerly side of Elyria Street (so called) in said plat and also stakes to be fixed at the corner of lots and that the lots are numbered from one (1) to (90) ninety both included as will appear by the annexed plan of survey & that Elyria Street commencing at i s Junction with south Street runs north forty six (46) degrees west and that all Lots connected with said street run parallel to & perpendicular from the same also all connected with Johnsons Alley which runs parallel
