

ORDINANCE NO. 845

By Mr. W.E. Wheatley

To amend Sections 1, 2, and 3 of Ordinance No. 270 entitled, "An ordinance to establish the dock wharf lines of Black River between the Erie Avenue bridge and points opposite the foot of the Island in Sheffield Township; also to establish the triangulation to which the same has reference," as amended February 3rd, 1897 and to repeal said Sections.

Section 1. BE IT OBTAINED by the Council of the City of Lorain, State of Ohio, that Sections 1, 2 and 3 of Ordinance No. 270 entitled "An Ordinance to establish the dock wharf lines of Black River between the Erie Avenue bridge and points opposite the foot of the Island in Sheffield Township; also to establish the triangulation to which the same has reference," as amended February 3rd, 1897, be and the same are hereby amended so as to read as follows:

SECTION 1. BE IT OBTAINED by the Council of the City of Lorain, State of Ohio, that the dock or wharf lines of Black River between the Erie Avenue bridge and points opposite the foot of the island in Sheffield Township; also the triangulation to which the same has reference, be and the same are hereby established as follows:

All angles are denoted in degrees, minutes and seconds turned to the right from a meridian, assumed for convenience, and which is about the magnetic meridian at this date: $0^{\circ}00'00''$ north.

The said triangulation commences at the points A and D which are located as follows:

Starting from a point in a line with the north-easterly side of Broadway, the course of which is $316^{\circ}25'16''$ and 30 feet northwesterly from the southeasterly side of Erie Avenue, run on a course $47^{\circ}55'16''$, 690 feet to a point; from the last named point run on a course $90^{\circ}29'46''$, 108.3 feet to a point on the straight line between triangulation stations A and D; thence $272^{\circ}22'46''$, 100 feet to triangulation station A; starting from a stone monument in Fifth Street, on a line with the northerly side of Erie Avenue, $248^{\circ}36'32''$, 926.78 feet to a stone monument in Second Street on a line with the northerly side of Erie Avenue; thence $68^{\circ}30'32''$, 5.91 feet to a point; thence $158^{\circ}36'32''$, 66 feet to a stake; thence $248^{\circ}36'32''$, 399.95 feet to a stake in the straight line joining triangulation stations B and C; thence $273^{\circ}51'32''$, 169.23 feet to an iron bolt marked B; thence $205^{\circ}51'39''$, 266.60 feet to the point marked A.

From A $25^{\circ}51'39''$, 266.60 feet to an iron bolt marked B; from A $77^{\circ}01'56''$, 853.88 feet to a stone monument marked C; from A $92^{\circ}22'46''$, 542.48 feet measured to station D; from B $93^{\circ}51'32''$, 717.40 feet to a stone monument marked C; from D $53^{\circ}34'16''$, 360.60 feet to a stone monument marked C; from D $114^{\circ}06'43''$, 196.93 feet to station E; from E $20^{\circ}32'29''$, 311.58 feet to a stone monument marked C; from E $93^{\circ}07'52''$, 1286.17 feet to a stone monument marked G; from E $113^{\circ}44'12''$, 552.21 feet to a stone monument marked G; from G $322^{\circ}36'16''$, 650.59 feet to a stone monument marked C; from G $78^{\circ}57'13''$, 793.46 feet to a stone monument marked G; from G $173^{\circ}55'00''$, 1265.83 feet to a stone monument marked H; from H $24^{\circ}33'27''$, 1551.02 feet to a stone monument marked G; from H $113^{\circ}08'27''$, 870.71 feet to a stone monument marked N; from H $131^{\circ}39'47''$, 291.63 feet to station L; from H $169^{\circ}05'03''$, 366.89 feet to station M; from I $6^{\circ}27'25''$, 1296.67 feet to a stone monument marked G; from I $83^{\circ}55'50''$, 281.63 feet to a stone monument marked H; from I $144^{\circ}10'35''$, 194.00 feet to a
