001 AND PARCELS TO WEST WERE SURVEYED BY MARTIN I. HAPONEK
-041 AND PARCELS TO EAST WERE SURVEYED BY GARY PENFOUND.
HAPONEK CAME IN TO EXPLAIN THAT HIS SURVEY WAS BASED ON A 1942
WARDEN SURVEY AND THAT HE HELD DISTANCES TO ESTABLISH THE BACK
LINE. HE BELIEVES THAT DIFFERENCES OCCURRED DUE TO A CENTERLINE
WHICH COULD NOT BE PINNED DOWN & THE FACT THAT
PENFOUND MADE THE BACKLINE OF -001 PARALLEL TO THE ℄.
